## Introduction

On the following pages you will find our detailed offer of hotel availabilities in various categories in the city of Budapest. **All rates are indicated in Euro, per room & night and include breakfast and city tax.**

Kindly note that the allotments are being offered simultaneously to various companies and are sold on a **first come first, served basis**. This is an offer only and no claim on reservation can be made. Early reservation is highly recommended. After receipt of your written request, we will establish a room allocation agreement together with an invoice for the deposit payments.

## How to get around in Budapest?

City Center

Main Train Station Budapest Keleti

Airport Budapest Liszt Ferenc

## How to reach the city centre from Budapest Airport?

Liszt Ferenc International Airport Budapest is 16 km South-East of the city centre. The Airport has 2 terminals: Terminal 2A and Terminal 2B. Passengers arriving at the Liszt Ferenc International Airport can get to the city centre by taxi, shuttle bus, public transport or car.

### Public Transport:

There are two regular bus lines that connect the airport to the city; **bus line 100E and 200E**. The bus stop of **line 100E** is located at Terminal 2A and 2B, operating frequently every 20 to 30 minutes. The bus line 100E arrives at Deák Ferenc tér within 35 to 45 minutes - after two intermediate stops (Kálvin tér & Astoria) - which is the transport node of Budapest, the meeting point of the different metro lines. Tickets can be purchased from the ticketing machine in the bus stop (cash or card) and cost HUF 900 / EUR 2,50. The first bus line leaves the terminal at 5:00am and the last one 00:30, in alignment with the flight arrivals.

**Bus line 200E** circulates regularly every 25 – 30 minutes between the airport and Kőbánya-Kispest railway station, from where you can get to the city centre by metro line 3, the blue line. The ticket price is HUF 350 / EUR 1 and can be also be purchased from the ticketing machine in the bus stop. The first bus leaves the airport at 04:09 am, and the last one departs 00:21.

Between 1:00 and 4:00 am **bus 900 (night bus)** takes you from the airport to the city centre, to Bajcsy-Zsilinszky út in one hour. The ticket costs HUF 530 / EUR 1,50 and can be purchases at the ticket machines.

### Airport Shuttles

Passengers arriving at the airport may use the private shuttle bus service (a quasi-direct taxi service) on an individual or group basis. It provides a comfortable, fast and favourable transfer solution for passengers wishing to travel from the airport to downtown Budapest, and from the city to the airport.

### Airport minibus

There are several shuttle services options available at the airport. miniBUD is the official airport shuttle service. You can buy tickets for the shuttle service at the kiosk located at the baggage claim area. It's recommended that you shouldn't be the last one to board the bus, because on a first-come-first-served basis it may take smaller detours in the city before you arrive at your destination. You can also book a private, premium or VIP transfer for a higher price. [HTTPS://WWW.MINIBUD.HU/](https://www.minibud.hu/)

**By taxi:**

The Airport has its official taxi service provider, for which reservations can be made in person at the taxi company's booths located outside the arrival level of both terminals. All cars are equipped with POS terminal; therefore, passengers can pay with credit card as well. The fare rates consist of three fees: a base fee, a kilometres-based fee and a waiting fee. A taxi ride from the airport to the city centre costs about 30-40 EUR.

## How to reach the Hungexpo?

HUNGEXPO is located close to the city centre of Budapest, reachable within 20 minutes from all centrally located hotels via public transportation (subway and bus lines). It can be easily reached with the **metro 2, the "Red subway line"**. From the metro station to the HUNGEXPO you can choose to take a 15 minutes' walk or to take the shuttle bus, which circulates between the metro stop and the HUNGEXPO.

## Public Transport – getting around in Budapest

Budapest is a compact and walkable destination and has a well-developed public transportation system which makes moving around easy for all delegates. With four metro lines, an extensive network of trams, suburban railways, busses and trolleybuses, as well as a rich choice of night routes, Budapest's public transport system can take you anywhere in the city – and to several neighbouring settlements – on any day, 24/7. The services also include numerous car, bike and electric scooter sharing opportunities, as well as several bank-to-bank boat routes on the Danube River.

**Metro, bus services, trams:**

The Budapest metro consists of four lines, it is very easy to use and understand the logic of the routes. The metro lines M1, M2 and M3 and meet in the centre of the city, at Deák Ferenc tér. M1 line, designated with yellow, i.e., the Millennium Underground Railway, connects Vörösmarty tér with Mexikói út. Andrassy út, the popular Széchenyi Thermal Bath and Heroes Square are located on this line.

The new M4 line connects the Keleti-railway station with the Kelenföld-railway station in South-Buda. More information about metro lines network [HERE](#). Purchasing a ticket for the metro: for a single uninterrupted journey use a ticket of HUF 350 / EUR 1. The tickets are valid for metro, bus, trolleybus, tram and HÉV (suburban train) within the boundaries of Budapest. Transfer ticket: HUF 530 / EUR 1,50. The ticket purchased in advance must be validated at the orange machines in the metro undergrounds or on the bus/tram.

It entitles you to travel for 100 minutes (for 120 minutes at night). If you travel 3 or less stops, it is enough to purchase the 300 HUF ticket. When you change from one line to another, you should use the so-called transfer ticket or validate one more ticket. You can find more information on ticket types and prices on the following website: [HTTPS://BKK.HU/EN/TICKETS-AND-PASSES/PRICES/](https://bkk.hu/en/tickets-and-passes/prices/)

With the Budapest Card you can use all the public transport services during the validity period of the card. You can purchase a 24-hour or a 7-day card which is also valid for bus, trolley and tram in addition to the metro. More information on ticket types and prices can be found on the following website: [HTTP://BUDAPESTCARD.ORG/](http://budapestcard.org/)

### By taxi

Budapest has one single, uniform taxi service policy. It mandates every taxi company to use distinctive yellow cars and charge uniform fares. The total fare for a taxi ride comprises three fees: a base fee, a kilometres-based fee, and a waiting fee. All vehicles are equipped with POS terminal;

therefore, passengers can pay with credit card as well. Taxicabs are available on the street, at the taxi stations and can be ordered by telephone through their own mobile application. In addition to the taxi companies, there are also independent entrepreneurs offering fixed price taxi services.
